

44. Tasers and Related Products

- Action:**
- A. Approve a unit price, low-bid contract with TASER International, Inc. for the purchase of tasers and related products for the term of five years, and**
 - B. Authorize the City Manager to extend the contract for up to two additional, one-year terms with possible price adjustments as authorized by the contract.**

Staff Resource(s): Marie Harris, Shared Services
Major Michael Adams, Police

Explanation

- The Charlotte-Mecklenburg Police Department uses tasers to restrain violent individuals when alternative restraint tactics fail; or are reasonably likely to fail; and/or where it would be unsafe for officers to approach a subject to apply restraints.
 - A taser uses an electrical current to temporarily disrupt voluntary control of muscles causing short-term neuromuscular incapacitation.
- The Shared Services Procurement Management Division, on behalf of Police and the Charlotte Cooperative Purchasing Alliance, issued an Invitation to Bid for tasers and related products on October 17, 2013; one bid was received.
- The unit prices are set forth in the proposed contract, and are available upon request.
- Annual expenditures under the contract are estimated to be \$175,000.

Background

- The Alliance is a cooperative purchasing program established by Procurement with the specific purpose of reducing costs by leveraging aggregate purchasing volume to receive better pricing.
- Approximately five public entities have expressed interest in using this contract through the Alliance.

Charlotte Business INclusion

No SBE goal was set for this contract because there are no subcontracting opportunities (Part C: Section 2.4 of the SBO Policy).
